Goose Spit Beach Fire Program Update

The Comox Valley Regional District (CVRD), in consultation with the Goose Spit park steward and the local area medical health officer, has reinstated the suspension of the beach fire program due to air quality levels in the region.

The fire rings at Goose Spit Park are closely monitored by the CVRD-contracted parks steward who will ensure public compliance with the ban of open fires. The CVRD will continue to monitor the local conditions and will re-assess the suspension as air quality starts to improve.

For updates on air quality conditions and restrictions on the beach fire program visit www.comoxvalleyrd.ca/beachfires. For Facebook or Twitter updates visit www.facebook.com/comoxvalleyrd and www.twitter.com/comoxvalleyrd.

The Comox Valley Regional District is a federation of three electoral areas and three municipalities providing sustainable services for residents and visitors to the area. The members of the regional district work collaboratively on services for the benefit of the diverse urban and rural areas of the Comox Valley.
