

Request for Advisory Planning Commission Members

An advisory planning commission is established to provide input and advice about planning and land use management applications that occur within its electoral area.

The Comox Valley Regional District is giving residents of Electoral Area A (Baynes Sound-Denman/Hornby Islands), Area B (Lazo North) and Area C (Puntledge-Black Creek) the opportunity to become members of the Advisory Planning Commission. Each electoral area will have its own APC comprising of three to nine members. This commission discusses land use applications such as rezonings, development permits, subdivisions, strata conversions, and commercial development applications within each electoral area. Members of the APC have the opportunity to voice their opinion on applications submitted to the CVRD before they are presented to the board. If you are interested in participating, please submit a letter to the CVRD describing why you would like to volunteer.

Participants should have an interest in land use management and some local knowledge of their electoral area. Participants will be required to attend evening meetings once a month, exhibit ethical conduct and recognize when a conflict of interest may occur.

A comprehensive workshop will be provided to applicants outlining the roles and responsibilities of APC members. **The deadline for submissions is Friday, March 13, 2009.**

For more information regarding responsibilities, requirements, policy and procedures surrounding APC membership please click on the link below.
