

# COMOX VALLEY REGIONAL WATER STRATEGY PUBLIC MEETINGS

The Comox Valley Regional District (CVRD) is seeking public feedback, comments and questions about the proposed regional water strategy. The draft materials will be presented to the public at three separate opportunities:

**Wednesday May 12 6 to 9 p.m.**  
**CRI Hall, 2665 Dunsmuir Avenue, Cumberland**

**Thursday May 13 1 to 4 p.m.**  
**Comox Council Chambers, 1801B Beaufort Avenue, Comox**

**Thursday May 13 6 to 9 p.m.**  
**CVRD boardroom, 550B Comox Road, Courtenay**

**Members of the public can attend any of these meetings,  
regardless of where they live.**

The regional water strategy, as mandated by the provincial government in 2008, identifies all viable water sources and provides a recommended water supply service plan and operating structure for a regional water supply system. The development of a regional water supply strategy will be integrated with the regional growth strategy as part of long-range plans for the Comox Valley.

These public meetings are your opportunities to hear about the plans first hand and ask any questions you may have.

For further information on the regional water supply strategy, visit [www.comoxvalleyrd.ca](http://www.comoxvalleyrd.ca), and click on “regional strategies” on the menu on the left hand side of the home page.
