## CVRD Partnering with CleanBC on Rebate Program

The Comox Valley Regional District (CVRD) is excited to be participating in the CleanBC Municipal Top-Up Program for homeowners in Electoral Areas A, B, C (including the Hornby and Denman Islands) who are completing electrical upgrades or installing an electric heat pump.

The rebate program will provide \$350 for electric heat pumps and \$500 for electrical panel upgrades to eligible electoral area residents.

Electrical panel rebates are for 100, 200, or 400 amp service upgrades.

These rebates support the CVRD's Residential Emissions Reduction Action Plan (RERAP). Eligible applicants will be automatically assessed for the top-up rebates when they apply for the CleanBC Better Homes Rebate.

For more information on the program and other rebates in the community, visit: [www.comoxvalleyrd.ca/rebates](http://www.comoxvalleyrd.ca/rebates).

### Community Highlights

#### Water Conservation Tip 8: Water Early or Late

Watering your lawn or garden in the middle of a hot day is not only against bylaw requirements, but it doesn't allow the water to be captured properly. Water early in the morning and late evening for ideal absorption, or as outlined in water restriction requirements.
