Weekly News & Information

April 9, 2025

Annual Watermain Flushing

The Comox Valley Regional District (CVRD) water team will be completing regular watermain flushing throughout April in Black Creek, Comox Valley, Royston, and Union Bay areas.

During flushing, water may sometimes be discoloured but should clear up and does not present a hazard to your health. Activities like laundry and dish washing should be

avoided when this is the case. Residents are asked to run the cold water tap in their bathtub until the water is clear.

Motorists are asked to slow down and use caution when approaching flushing crews.

For more information, visit: comoxvalleyrd.ca/maintenance
