

CVRD Update

Weekly News & Information

October 8, 2025

Tell Us What Matters to You for Spike Road Park

The Comox Valley Regional District is looking for community input on the future of Spike Road Park, located in Electoral Area C. The park is 190 acres in size and was established to protect a large ecologically sensitive wetland while extending the One Spot Trail, which goes through the property.

Residents have until November 20 to complete a short survey to identify what park values and features are important to

them. You can also attend one of our open houses throughout the community and provide your feedback in person.

While some amenities may be possible (benches, walking/bike paths, etc), the location of the park features may depend on topography and cultural sensitivities on the land.

For more information on open house locations and to complete the short survey, visit: engagemoxvalley.ca/spike
