Treatment Plant Tours Available at Wastewater Planning Open House

The Comox Valley Regional District (CVRD) is planning how its sewer service will be managed in the decades to come. A site master plan for wastewater treatment upgrades required over the next 50 years has been developed – including timelines and estimated costs, which could increase annual sewer fees by between \$220-\$240 per year.

Learn about wastewater treatment, the upgrade timing and costs by joining us at the:
