

# ELECTORAL AREA B: Rural Roadside Garbage and Recycling Collection Service

---

## SURVEY RESPONSE REPORT

27 July 2020 - 14 September 2020

### PROJECT NAME:

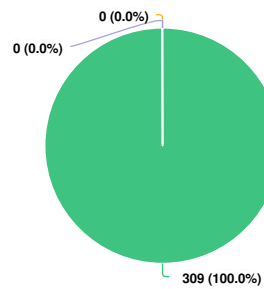

Rural Roadside Garbage and Recycling Collection

### FILTER BY:

Answered : B1—Lazo-Road-Area

## SURVEY QUESTIONS

Q1 | By number, please tell us what part of Electoral Area B you live in:

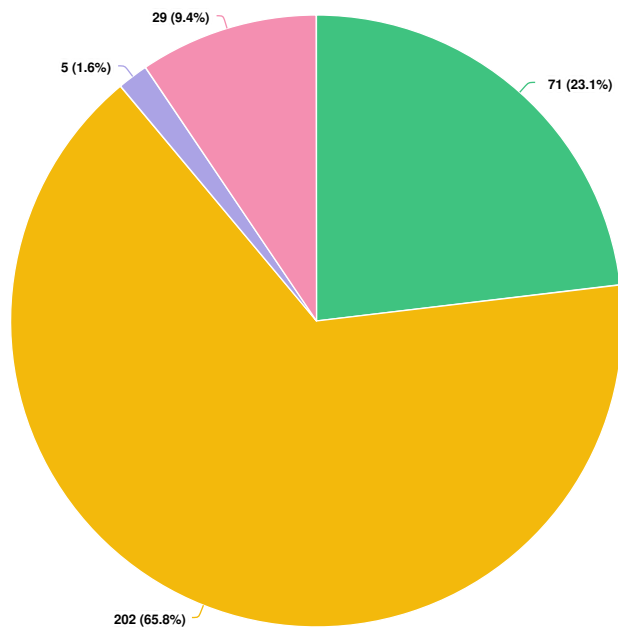

**Question options**

● B1 - Lazo Road Area   ● B2 - Little River Area   ● B3 - Bates Beach Area

Mandatory Question (309 response(s))

**Q2** What do you currently do with your household garbage the majority of the time?

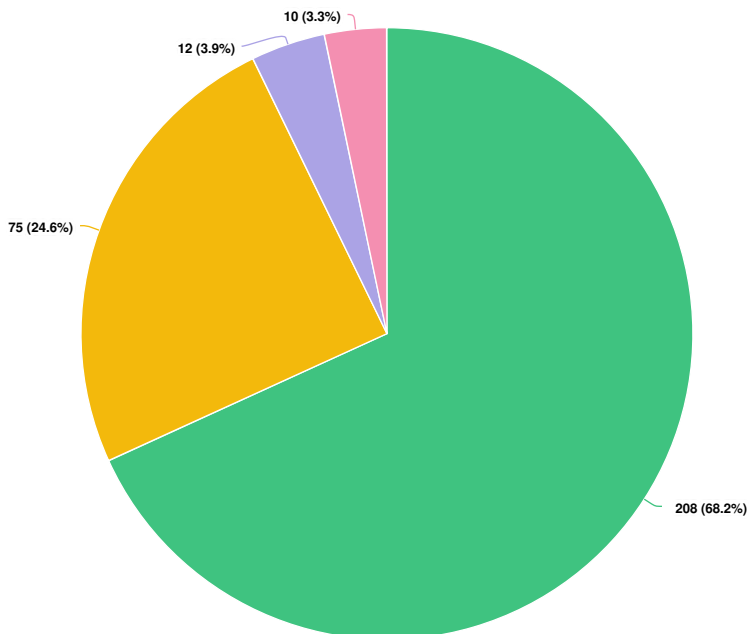

**Question options**

- Take it to the landfill yourself
- Subscribe to a private roadside pick-up service
- Use a community collection spot (ie: large bins at a strata)
- Other (please specify)

Optional question (307 response(s), 2 skipped)

**Q3** How dedicated are you to recycling?

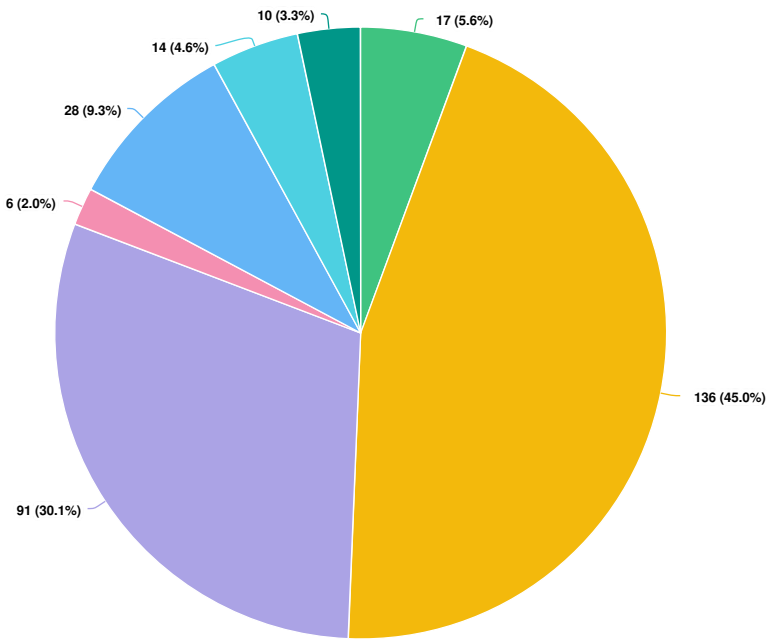

**Question options**

- Very – Aiming for zero waste, willing to make multiple stops/trips to properly divert
- Somewhat – Recycle obvious or easy choices but let others go to landfill
- Not very – Limited diversion of recyclables
- Not at all – This is not something I am committed to

Optional question (305 response(s), 4 skipped)

**Q4 If you are recycling, what facility do you use the most?**

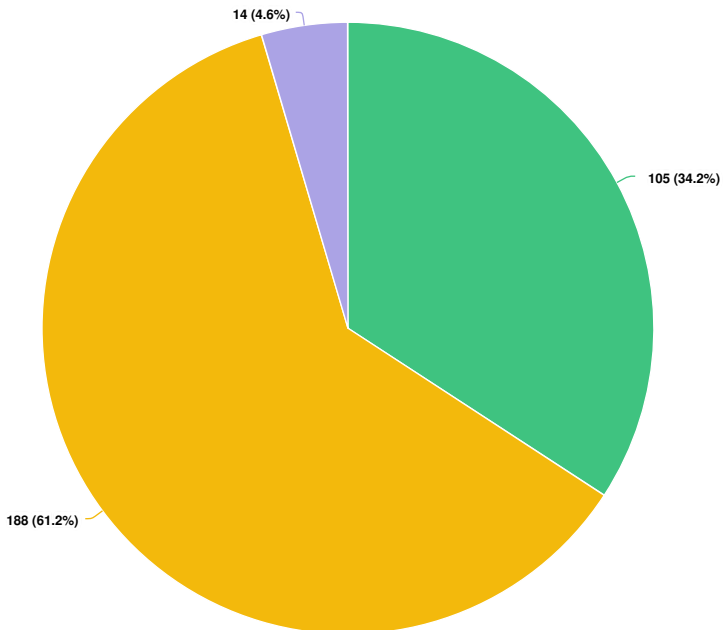

**Question options**

- Landfill
- Unstaffed Community Depots (ie: Old Fire Hall in Black Creek or Canex)
- Return-It Depots in Courtenay or Comox
- Take to alternate location (ie: workplace)
- Subscribe to a private collection company
- N/A
- Other (please specify)

Optional question (302 response(s), 7 skipped)

**Q5 What do you currently do with most of your food waste?**

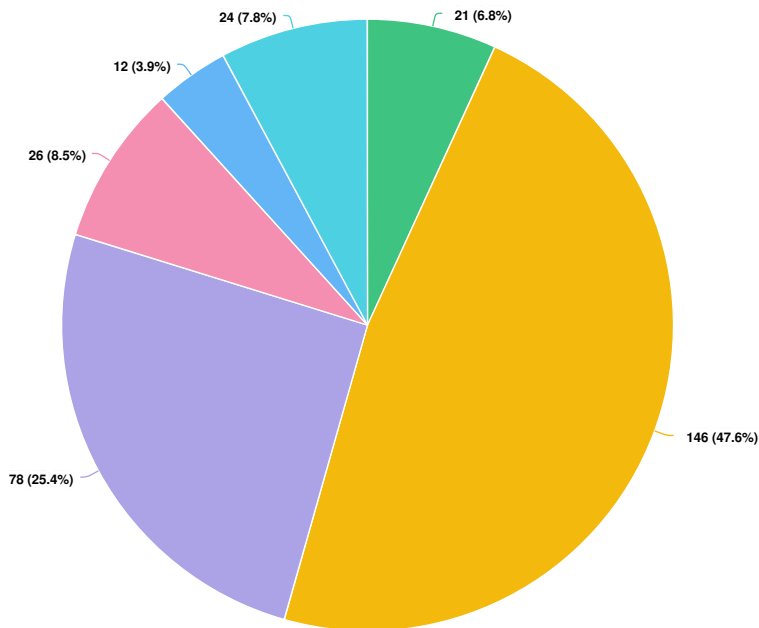

**Question options**

- Dispose with household garbage
- Personal compost
- Other (ie: animal feed) (please specify)

Optional question (307 response(s), 2 skipped)

Q6 What do you do with most of your yard waste?

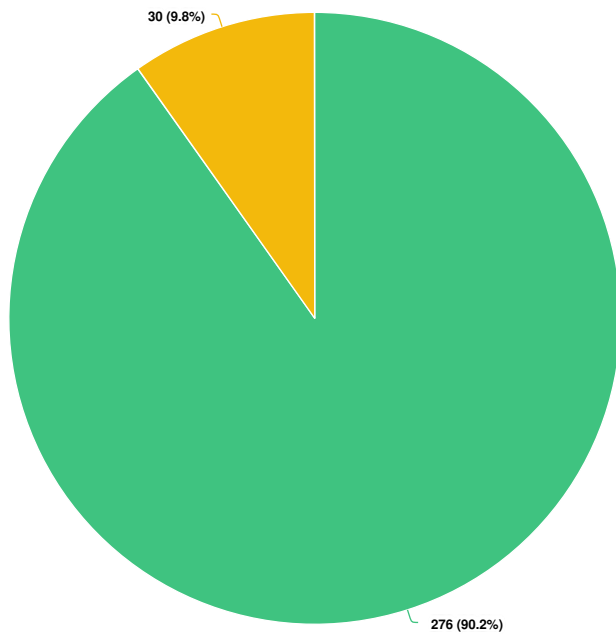

Question options

- Landfill
- Personal compost
- Burn when allowable
- Drive to a private facility
- N/A
- Other (please specify)

Optional question (307 response(s), 2 skipped)

Q7 Do you currently operate a business from your home?

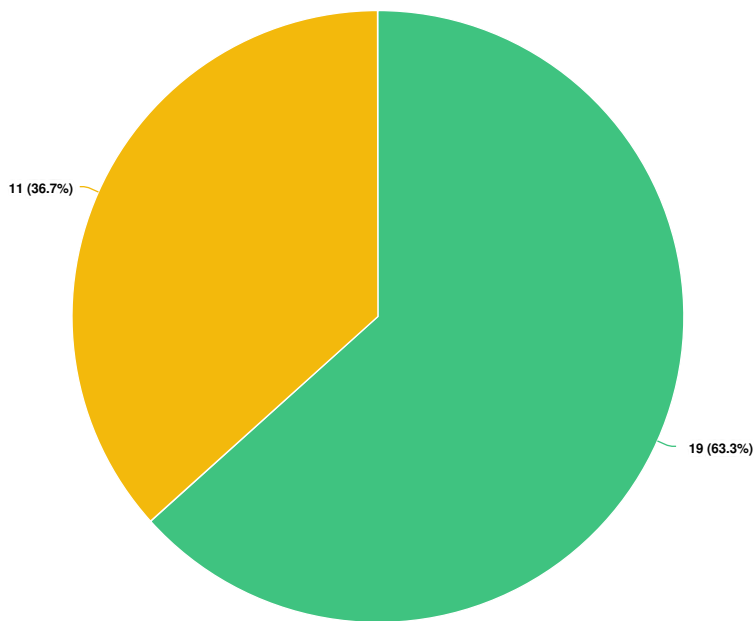

Question options

- No
- Yes

Optional question (306 response(s), 3 skipped)

**Q8** Do you currently dispose of your household waste with your business waste?

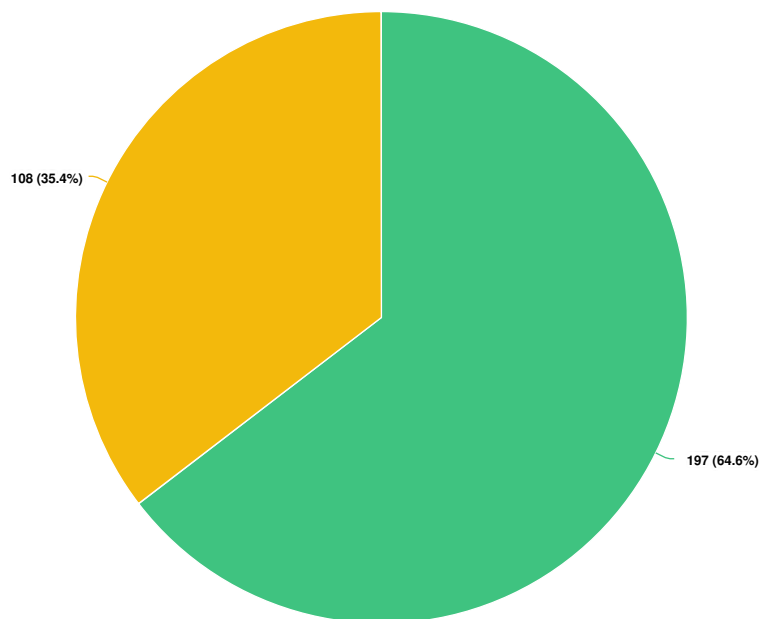

**Question options**

● Yes ● No

*Optional question (30 response(s), 279 skipped)*

**Q9** In other rural areas on Vancouver Island, public service roadside collections costs between \$150-\$250/year per household. Based on this cost range, are you interested in further consideration of a roadside garbage/recycling collection service?

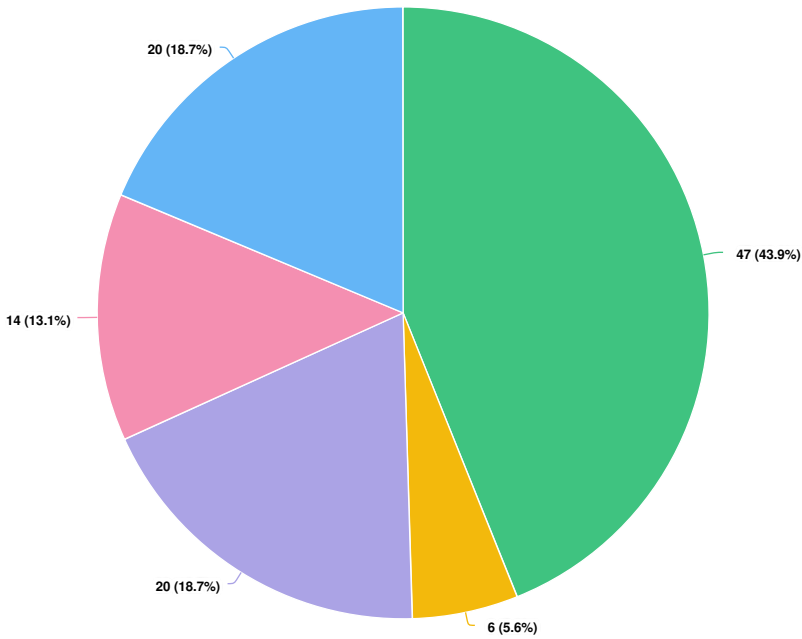

**Question options**

● Yes ● No

*Optional question (305 response(s), 4 skipped)*

Q10 Let us know the main reason this service isn't of interest right now:

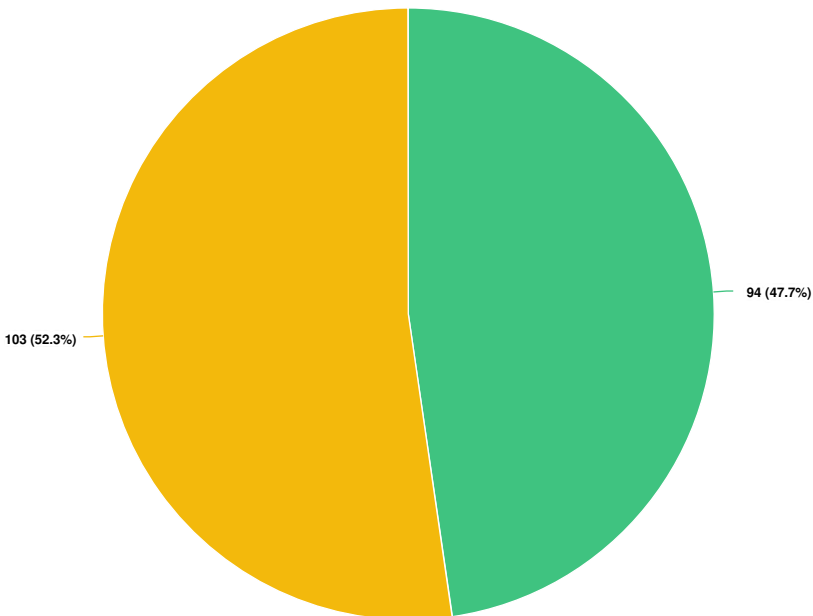

Question options

- Happy with current method of management
- Cost is too high – would consider if cheaper
- Opposed to any new additional costs
- Won't use it enough to make it cost effective
- Other (please specify)

Optional question (107 response(s), 202 skipped)

Q11 Would you like to see garbage pick up:

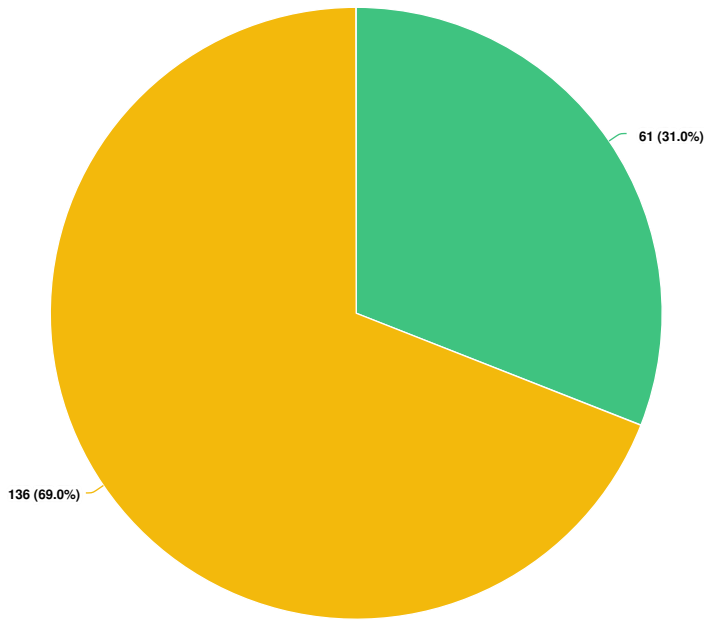

Question options

- Once a week
- Once every two weeks

Optional question (197 response(s), 112 skipped)

Q12 Would you like to see recycling pick up:

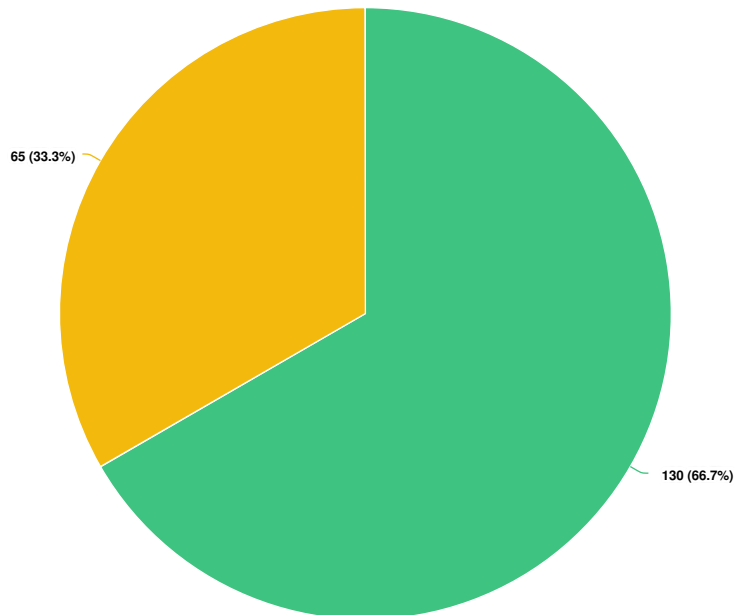

Question options

- Once a week
- Once every two weeks

Optional question (197 response(s), 112 skipped)

Q13 How many cans of garbage would you like available for pick up? (Recycling is unlimited!)

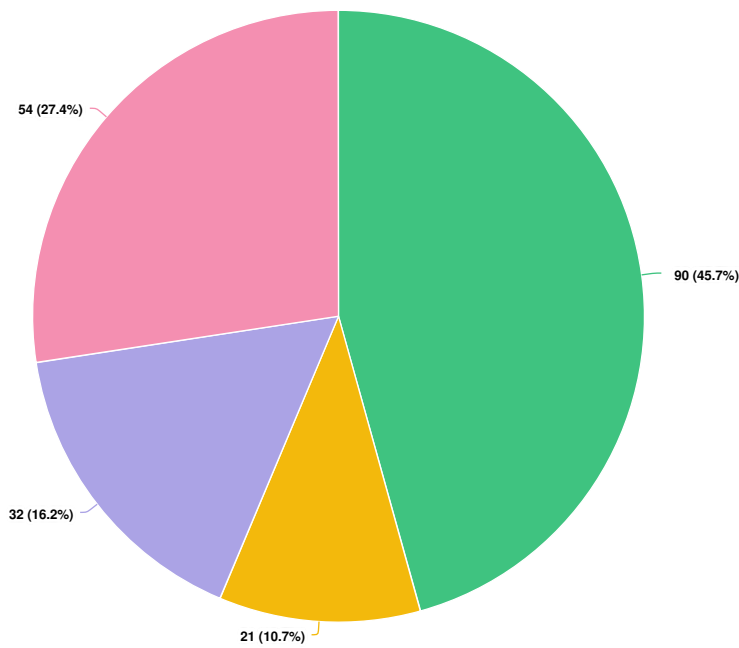

Question options

- 1 per collection
- 2 per collection

Optional question (195 response(s), 114 skipped)

**Q14** Would you also like yard waste pick up?

**Question options**

● No
 ● Yes - weekly
 ● Yes - monthly
 ● Yes - seasonally

Optional question (197 response(s), 112 skipped)

**Q15** Why would your neighbourhood be a good candidate for a roadside garbage and recycling pick up service?

- |  |  |
|--|--|
| Anonymous<br><small>7/27/2020 10:43 PM</small> | Close to Town of Comox   |
| Anonymous<br><small>7/28/2020 08:58 AM</small> | It wouldn't -- people I speak to seem happy with status quo  |
| Anonymous<br><small>7/28/2020 12:09 PM</small> | due to the bears and other wildlife in our area it would be a great help. We have the cougars in our yard every 2 or three months too. |
| Anonymous<br><small>7/28/2020 12:19 PM</small> | We have a local entrepreneur (Strathcona Recycling) Who meets most people's needs  |
| Anonymous<br><small>7/28/2020 02:49 PM</small> | Because it's expensive to go to dump   |
| Anonymous                                      | It would not be a good candidate area.   |

## ELECTORAL AREA B: Rural Roadside Garbage and Recycling Collection Service : Survey Report for 27 July 2020 to 14 September 2020

---

7/28/2020 03:49 PM

Anonymous  
7/28/2020 04:02 PM  
We are only 100 metres from Comox Town boundary where there is garbage and recycling. We can't see why we can't have this service

Anonymous  
7/28/2020 04:30 PM  
Although we are somewhat rural there are a number of houses easily accessed at end of driveways. I would love to get foodwaste pickup as well.

Anonymous  
7/28/2020 04:34 PM  
We have way too many independent garbage companies servicing this neighbourhood which means that there are trucks going through almost daily. They are very loud and messy and terrible for the environment.

Anonymous  
7/28/2020 04:37 PM  
everyone on my road pays for a garbage service already it would drop the cost for us

Anonymous  
7/28/2020 04:43 PM  
I don't know that it would be a good candidate - but we are surrounded by properties in the Town of Comox, which means garbage/recycle trucks drive right past us every week. Stopping for those few of us, thankfully, in the RD seems to make sense.

Anonymous  
7/28/2020 04:58 PM  
There is still too much recyclable material going into the landfill or being burned

Anonymous  
7/28/2020 05:43 PM  
It would limit the garbage pick up to one day instead of several days with private pick up.

Anonymous  
7/28/2020 06:01 PM  
it is. private works better

Anonymous  
7/28/2020 06:02 PM  
Please be advised that my neighbourhood is area B Comox Road and you have omitted that area in your survey. I am interested in garbage pickup and I am sure the rest of the neighbors would too!

Anonymous  
7/28/2020 06:08 PM  
We are so close to the Town of Comox, it isn't a far stretch to get garbage service in the Lazo area

Anonymous  
7/28/2020 06:34 PM  
we have not recycle pickup, and cost

Anonymous  
7/28/2020 07:00 PM  
We are located just one house away from Lazo residents that have garbage pick up, so it wouldn't add alot of work or time to the garbage run. Having garbage and recycling pick up will save us a lot of time!

Anonymous  
7/28/2020 07:16 PM  
Honestly, I would prefer only recycling pick up. We produce very little garbage. If my big family can do it anyone can.

Anonymous  
7/28/2020 08:51 PM  
It wouldn't.

Anonymous  
7/29/2020 06:41 AM  
We are practically IN town

Anonymous  
7/29/2020 06:48 AM  
We handle our own garbage and recycling so are not interested.

Anonymous  
7/29/2020 07:04 AM  
Most of us use an expensive private company where the rates are climbing.

Anonymous  
7/29/2020 07:26 AM  
We have paved roads in our community and we are adjacent to Comox which already has garbage collection

Anonymous  
7/29/2020 07:45 AM  
Neighbours are using a variety of disposal options, consistency would be good.

Anonymous  
7/29/2020 09:12 AM  
currently services are offered in multiple locations which is time consuming

Anonymous  
7/29/2020 09:58 AM  
Houses closer together than in typical rural area, higher density opportunity for customers. Lower cost appealing. Most homes are occupied year round. Mainly seniors in the area.

Anonymous  
7/29/2020 10:17 AM  
Recycling should be everywhere.

## ELECTORAL AREA B: Rural Roadside Garbage and Recycling Collection Service : Survey Report for 27 July 2020 to 14 September 2020

---

Anonymous 7/29/2020 10:38 AM	I would like to see a LOCAL company get this account and I would also like to see recycling available for all in our community - some of my neighbours aren't able to drive themselves & so I assume that their recyclables are ending up in the landfill
Anonymous 7/29/2020 10:54 AM	Because we are mostly normal families working and living a normal "suburban" life that just happens to be a little out of town (but only 6 minutes!). We deserve the benefit of district services too.
Anonymous 7/29/2020 11:08 AM	it won't be don't bother
Anonymous 7/29/2020 11:17 AM	it isn't
Anonymous 7/29/2020 11:17 AM	Because I believe it would truly encourage people to recycle more.
Anonymous 7/29/2020 11:19 AM	it is unnecessary
Anonymous 7/29/2020 11:51 AM	I would never speak for my neighbours, this is something they should determine themselves.
Anonymous 7/29/2020 12:41 PM	We live in a cul-de sac. Most of my neighbours pay for roadside pickup of garbage and either throw out recyclables or take to return it depot. Most of my neighbours believe in reducing waste and helping the environment.
Anonymous 7/29/2020 01:04 PM	If it included organics and a container for organics (rats and raccoons).
Anonymous 7/29/2020 01:08 PM	Most everyone in this neighbour uses a private collection service which is expensive + the addition of a recycling pick up service would be very welcome, particularly with the upcoming closure of the Canex recycling depot in 2021.
Anonymous 7/29/2020 01:15 PM	Garbage and recycling once a month not a problem for us ( 2 people ) mostly retired in area
Anonymous 7/29/2020 01:27 PM	Again, a vague question. Does this now mean the CVRD will collect both? At what fee? We've done this independently for 13yrs.
Anonymous 7/29/2020 01:46 PM	already serviced
Anonymous 7/29/2020 02:00 PM	fairly dense population, and taking to recycling is time consuming
Anonymous 7/29/2020 02:36 PM	I am on Comox Road. Garbage trucks servicing Comox currently drive past this neighborhood. Therefore, it would be a reduction in green house gases having garbage picked along this established route, rather than householders driving to waste stations.
Anonymous 7/29/2020 05:20 PM	N/a
Anonymous 7/29/2020 06:56 PM	Not a good candidate
Anonymous 7/29/2020 07:10 PM	Our houses are just off Lazo Road where the Town of Comox already picks up the garbage.
Anonymous 7/29/2020 08:13 PM	Absolutely. Especially being so close to the boat launch. So many people around with trash.
Anonymous 7/29/2020 09:14 PM	We do not know our neighbours very well, please ask them
Anonymous 7/29/2020 09:47 PM	Encourages recycling
Anonymous 7/29/2020 10:00 PM	most of my neighbours subscribe to biweekly pickup and some to a recycling service. I currently get a monthly pickup, which should be an option you offer.

## ELECTORAL AREA B: Rural Roadside Garbage and Recycling Collection Service : Survey Report for 27 July 2020 to 14 September 2020

---

Anonymous 7/30/2020 08:35 AM	I have only one can per month of garbage.
Anonymous 7/30/2020 09:30 AM	Because I know we would all appreciate the service and people are environmentally minded and focused.
Anonymous 7/30/2020 10:02 AM	We are right next to Town of Comox. Easy to extend.
Anonymous 7/30/2020 10:43 AM	I think so. We are fairly close together.
Anonymous 7/30/2020 11:22 AM	Because most in the area have private pick up
Anonymous 7/30/2020 11:29 AM	Recycling pick up would encourage recycling
Anonymous 7/30/2020 12:52 PM	Then we would know that it is disposed of correctly
Anonymous 7/30/2020 02:48 PM	We are far away from the landfill and when Canex closes, have poor recycling options.
Anonymous 7/30/2020 02:57 PM	Landfill is far away, Many seniors in Area
Anonymous 7/30/2020 04:03 PM	All areas are good candidates. Waste is a growing concern and, in partnership with municipalities, we all play a part in reducing the waste that goes to the landfill.
Anonymous 7/30/2020 05:31 PM	We are so close to the City and on our road, there are at least two private companies offering services. Would be efficient to streamline.
Anonymous 7/30/2020 06:46 PM	There are trucks already in transit on our road for Comox homes so it wouldn't be extra fuel to do pickup on our road.
Anonymous 7/30/2020 08:02 PM	With talk of the recycling depot closing down it would be convenient to have it picked up
Anonymous 7/30/2020 08:04 PM	Lots of room on shoulder to place bins.
Anonymous 7/30/2020 08:32 PM	Less work for me
Anonymous 7/30/2020 08:33 PM	Urgently we are all
Anonymous 7/30/2020 08:35 PM	I don't think that it would.
Anonymous 7/30/2020 10:42 PM	What we are doing currently is ineffective. Also, convenient service will encourage people to recycle more. I advocate for infrequent garbage pick up and possibly more frequent recycling.
Anonymous 7/30/2020 11:28 PM	My property is literally adjacent to the Comox town boundary, and garbage and recycling trucks going from one part of Comox to another along Lazo Road regularly drive right past my driveway. Meanwhile I have to pay for pickup and drive my own recycling.
Anonymous 7/31/2020 07:14 AM	most homes already subscribe to curbside pickup
Anonymous 7/31/2020 07:16 AM	We all have a lot of recycling and it is currently very inconvenient to dispose of.
Anonymous 7/31/2020 08:43 AM	I've heard stories of neighbors in my area burning their garbage in their yards so that they don't have to pay for private collection
Anonymous 7/31/2020 08:43 AM	Reasonable number of households in the area. Area of natural beauty.

## ELECTORAL AREA B: Rural Roadside Garbage and Recycling Collection Service : Survey Report for 27 July 2020 to 14 September 2020

---

Anonymous 7/31/2020 09:51 AM	It appears that much of the yard waste currently goes to the landfill.
Anonymous 7/31/2020 10:08 AM	We live close to one another. Different folks have different private trucks coming in to pick up garbage/recycle each week. This doesn't make sense from a fossil fuel perspective. But our neighbours hire a young local woman with her own business. Nice.
Anonymous 7/31/2020 10:17 AM	the lots are smaller and the runs for the truck would make for an efficient service.
Anonymous 7/31/2020 11:32 AM	Because most residents do not recycle, most everything goes to the garbage pick up.
Anonymous 7/31/2020 12:19 PM	I live very close to the town of Comox routes anyway
Anonymous 7/31/2020 12:57 PM	Knight Road has few side roads, so easy to pick up from everyone.
Anonymous 7/31/2020 01:15 PM	We have found that private pick up is not always timely, and sometimes leaves debris
Anonymous 7/31/2020 01:20 PM	It wuldn
Anonymous 7/31/2020 01:21 PM	it wouldn
Anonymous 7/31/2020 03:08 PM	I see at least 3 different garbage services in the area so there must be a need.
Anonymous 7/31/2020 05:43 PM	We currently have two private companies collecting waste in our neighbourhood; one of them collects recycling but we felt their fee was high so continued to take our recycling either to the unstaffed locations or the Comox recycling depots
Anonymous 8/01/2020 08:11 AM	Increase efficiency to reduce overall traffic/GHG's with multiple households traveling to other facilities
Anonymous 8/01/2020 09:50 AM	Housing concentration similar to that in town of Comox.
Anonymous 8/01/2020 11:17 AM	most residents are paying for private road side pick up right now, so this would be a more economic way. Our neighbourhood residences are close to one another. Our service provider does not have a recycling pick up option.
Anonymous 8/01/2020 01:00 PM	Garbage always needs to be picked up.
Anonymous 8/01/2020 03:26 PM	This area has suitable density and almost all households have private pick-up via several providers. So, for most people the costs would be lower and would include recycling.
Anonymous 8/02/2020 09:13 AM	We have 3 trucks a week roll through the neighborhood. Better to have one and it looks like an affordable option.
Anonymous 8/02/2020 09:36 AM	Currently different companies and city trucks pass in front of our home several times a week due to private contracts being honours even though it is the same company that picks up.. city trucks pas by our home which is near both Comox and Courtenay.
Anonymous 8/02/2020 09:48 AM	it wouldn't be good for road side service. Not enough people reside in area B. I fear that this is another money grab by the CVRD, where we get nothing for something.
Anonymous 8/02/2020 09:57 AM	It wouldn't. Everyone is happy with the options and costs we have. Rural people go to the landfill with other items.....These are not condo people.
Anonymous 8/02/2020 10:12 AM	Speaking for our street... there is a strong commitment to recycling and personal composting.
Anonymous 8/02/2020 01:51 PM	We currently have multiple garbage collection services throughout the week which seems wasteful

---

## ELECTORAL AREA B: Rural Roadside Garbage and Recycling Collection Service : Survey Report for 27 July 2020 to 14 September 2020

---

Anonymous 8/02/2020 04:32 PM	Limited access anticipated for recycling in close vicinity. Cost.
Anonymous 8/02/2020 05:04 PM	Because the city pick up is available on the other side of the street (Back Rd).
Anonymous 8/02/2020 08:43 PM	Convenience, plus it would keep the neighborhood litter free, I hope
Anonymous 8/02/2020 10:03 PM	The inconvenience and cost of private garage disposal and trips to the land fill are far greater than the potential cost associated with public service roadside collections.
Anonymous 8/03/2020 12:54 PM	Established community in comox, most are using private pick-up. It would be beneficial for all switch and be apart of CVRD for easy garbage disposal. Much more reliable.
Anonymous 8/03/2020 12:57 PM	Lots of children
Anonymous 8/03/2020 02:48 PM	It isnt. We arent interested
Anonymous 8/03/2020 03:00 PM	it is NOT, just keep the canex recycling open
Anonymous 8/03/2020 05:20 PM	not
Anonymous 8/04/2020 08:52 AM	NA
Anonymous 8/04/2020 10:43 AM	economy of scale. status quo is an inefficient patchwork of redundant private providers
Anonymous 8/04/2020 11:22 AM	Most people hire a service for garbage and drive their recycles in to a depot. The companies come weekly but don't align their pick-up days with a competing company.
Anonymous 8/04/2020 12:11 PM	reasonable housing density
Anonymous 8/04/2020 12:28 PM	Taking recycling to the centre is becoming more difficult as I age. Carrying big containers to the car and waiting in line ups is more and more difficult.
Anonymous 8/04/2020 12:42 PM	If they close the community recycling, it would be easier than taking it to a return centre
Anonymous 8/04/2020 01:45 PM	A Private american firm makes a living picking up here let's do it locally! Get on with it!
Anonymous 8/04/2020 04:56 PM	Private services are expensive. It would be less expensive and easier to participate in a public collection service
Anonymous 8/04/2020 05:02 PM	helpful for seniors
Anonymous 8/04/2020 08:02 PM	it would not. Most people depend on private companies, do their own recycling and also make monthly trips to Cumberland
Anonymous 8/04/2020 09:45 PM	It would not be if we are going to spend millions of dollars on this please !!!!! just man our recycle centers
Anonymous 8/05/2020 10:11 AM	convenience, all else around have it so coming that way anyway so why not take advantage, think is a great idea and cost effective, very beneficial
■ 8/05/2020 12:15 PM	we already have roadside garbage pickup . the question is not applicable
Anonymous 8/05/2020 12:21 PM	Because you already come within 3 doors of my house!!!

## ELECTORAL AREA B: Rural Roadside Garbage and Recycling Collection Service : Survey Report for 27 July 2020 to 14 September 2020

---

Anonymous 8/05/2020 01:17 PM	because we live so far from the landfill and would be more convenient
Anonymous 8/05/2020 03:16 PM	Many house holds recycle most products in our neighbourhood. Families and busy households limit time available to take to community bins.
Anonymous 8/05/2020 03:57 PM	It would not.
Anonymous 8/05/2020 07:10 PM	Beore answering, I would like to know more info about the company picking up the garbage, where the waste would be going,weekly prices, and the contract information if we wanted to discontinue the pick up service if we were unhappy with it.
Anonymous 8/06/2020 08:26 AM	Canax recycling will soon close. Properties are close enough so this would be convenient for the trucks. Perhaps this might help with reducing rat population.
Anonymous 8/06/2020 09:09 AM	any neighbourhood would be a good candidate for this service
Anonymous 8/06/2020 09:54 AM	Would be a good idea if the cost is not too high.
Anonymous 8/06/2020 09:55 AM	Easily added on to regular Comox route, since we're basically in town anyways
Anonymous 8/06/2020 10:43 AM	some residents have a private collection company pick up their garbage but i find them to expensive so i do my own but if it's reasonable enough (being a senior citizen on a fixed income) i would like it picked up and hopefully the price doesn't increase
Anonymous 8/06/2020 01:06 PM	It would cut down on the amount of time needed to do all the recycling.
Anonymous 8/06/2020 04:11 PM	Should be able to get a better price for garbage/recycling if all residents in the neighbourhood are paying.
Anonymous 8/06/2020 04:11 PM	Many of us already subscribe to a private pick up service - the cost savings would be appreciated
Anonymous 8/06/2020 04:27 PM	It would not, not interested !
Anonymous 8/06/2020 04:31 PM	Is not a good candidate so I'm not sure how to answer this. A loaded question. You can do better.
Anonymous 8/06/2020 07:13 PM	Because we need it. I feel that people would be more conciencious if there was.
Anonymous 8/06/2020 07:43 PM	Wouldn't
Anonymous 8/06/2020 09:07 PM	We already have a local company that does that.
Anonymous 8/07/2020 12:23 AM	My neighborhood will not be a good candidate, we are happy with our current way to management.
Anonymous 8/07/2020 12:30 AM	The service I use has gone up twice in cost, the fees you mention are more reasonable.
Anonymous 8/07/2020 10:01 AM	We have mostly paved roads and are doing paid garbage collection so wouldn't be a big change.
Anonymous 8/07/2020 12:52 PM	Because there is regular pickup going right past our house every week anyways
Anonymous 8/07/2020 02:47 PM	Yes

## ELECTORAL AREA B: Rural Roadside Garbage and Recycling Collection Service : Survey Report for 27 July 2020 to 14 September 2020

---

Anonymous 8/07/2020 02:56 PM	I don't think it would be. All the lots on my street are 2.5-5 acres with a frontage likely a minimum of about 200ft which means that there are nowhere near as many customers as there are on roads with frontages of about 50-60ft.
Anonymous 8/07/2020 04:34 PM	Convenience, time saver, live on the border of Courtenay - they come down the road already
Anonymous 8/07/2020 05:18 PM	It wouldn't
Anonymous 8/07/2020 07:17 PM	We are B1 on back rd. We are in the city and Close to city pickup and leaving my garbage for too long can attack racoons and bears.
Anonymous 8/07/2020 07:47 PM	It is not good to let garbage or yard waste sit around too long, this will bring in bears and rodents
Anonymous 8/08/2020 08:59 AM	It is a must for my neighbourhood! The Canex facility is closing. I am appalled that in 2020 this is even a discussion. The government has spent years and lots of money training its citizens to reduce, reuse and recycle. Shame on all of us!
Anonymous 8/08/2020 10:15 AM	driving to town with recycling is a pain
Anonymous 8/08/2020 12:47 PM	We are in the Comox Road area of B1 and are quite central, trucks would not have to drive far away to service us.
Anonymous 8/08/2020 09:35 PM	Any neighborhood is a good candidate, proper recycling is important.
Anonymous 8/09/2020 07:17 AM	Reduce private services that make multiple trips weekly on road. daily trip
Anonymous 8/09/2020 07:22 AM	Reduce multiple trips to multiple facilities by each person - it is ALOT of effort, time, and greenhouseCurrent garbage services don't allow yard waste - leading to timely and costly dump trips or additional burning. May reduce Illegal dumping in area.
Anonymous 8/09/2020 07:22 AM	Improved environmental controls, some neighbours burn their garbage in order to to avoid cost of private pickup and they currently do not recycle. Having a service that supports proper disposal would overcome this issue. Reduce road traffic from having re
Anonymous 8/09/2020 08:31 AM	Sand Pines Community is 80+ residences, an efficient density and design for the purpose.
Anonymous 8/09/2020 12:24 PM	It encourages people to recycle
Anonymous 8/09/2020 02:34 PM	We use the facility at Canex and if it closes our recycling will wind up in the trash
Anonymous 8/09/2020 02:41 PM	already have private contractors doing this job
Anonymous 8/09/2020 03:05 PM	Croteau Beach many houses with people going everywhere to dump garbage
Anonymous 8/09/2020 03:29 PM	Good residence density
Anonymous 8/09/2020 05:39 PM	We are happy with our current locally-owned private garbage and recycling pick up service.
Anonymous 8/09/2020 06:22 PM	As far as garbage goes thats a no brainer, As for recycling if your going to close the stations such as Canex where we bring ours now thats another no brainer.
Anonymous 8/10/2020 08:16 AM	more convenient
Anonymous	At some point, recycling at Canex will be eliminated; going to the next depot

---

## ELECTORAL AREA B: Rural Roadside Garbage and Recycling Collection Service : Survey Report for 27 July 2020 to 14 September 2020

---

8/10/2020 06:56 PM	is time consuming and not environmentally friendly. Many will not do so. We also have garbage trucks going down Wireless Road daily. It is polluting & uneconomical
Anonymous 8/10/2020 09:07 PM	Everyone on our road is paying for private pick up.
Anonymous 8/10/2020 09:38 PM	Zero!!!
██████ 8/10/2020 11:15 PM	There are enough of us here to warrant the service. There would be less pirating of garbage can use in other areas
Anonymous 8/11/2020 10:42 AM	We pay \$90.00 a Month to a private company for weekly pickup of two garbage cans, this is very expensive.
Anonymous 8/11/2020 12:08 PM	sure
Anonymous 8/12/2020 10:36 AM	Close proximity to Comox (Macdonald Road)
Anonymous 8/12/2020 01:03 PM	convenience
Anonymous 8/12/2020 01:07 PM	Convenient Not to sure about your \$150-\$250 price range as currently paying \$84.73 Quarterly, garbage only
Anonymous 8/12/2020 04:04 PM	Review survey feedback
Anonymous 8/13/2020 08:09 AM	Because the Canex recycling facility will soon close
Anonymous 8/13/2020 09:00 AM	Save folks a trip all the way out to the landfill - a twenty or twenty five minute drive each way once a month.
Anonymous 8/13/2020 09:26 AM	I would only consider this if it is under \$250 per year as we pay \$200 for once a month pickup of garbage right now.
Anonymous 8/13/2020 09:42 AM	Because we are paying other companies and would rather support our local people/town. It has gotten to be \$147 every two months. So very expensive
Anonymous 8/13/2020 04:55 PM	We understand the Canex recycle facility will soon close which will mean traveling further to recycle.
Anonymous 8/13/2020 05:59 PM	I feel people would recycle more
Anonymous 8/14/2020 08:43 AM	Making the journey out to Waste Disposal site is becoming more and more tedious as time goes on, even during a weekday. Paying for a pick up service is worth it to us if it frees up more time for other things.
Anonymous 8/14/2020 08:40 PM	yes
Anonymous 8/16/2020 01:59 PM	because there is no recycling pickup I know that many neighbours do not recycle.
Anonymous 8/17/2020 12:01 PM	convenience, cost (interested in finding out more), neighbor takes yard waste away but then wouldn't have to ask them to do so
Anonymous 8/18/2020 07:38 PM	We are centrally located, across the street from the town of Comox.
Anonymous 8/19/2020 07:59 AM	We could have some roller bins...right now I think most of the potentially recyclable materials are throw out due to lack of facility in our 8 house compound.
Anonymous 8/19/2020 09:58 AM	Having regular garbage pick up will help with wildlife becoming acclimatized to searching out garbage to eat. We have a good concentration of households in our community. Garbage won't be dumped in nearby parks.

## ELECTORAL AREA B: Rural Roadside Garbage and Recycling Collection Service : Survey Report for 27 July 2020 to 14 September 2020

---

	We are very close to downtown Comox.
Anonymous 8/19/2020 10:29 AM	There appears to be some use of private curbside collection of both garbage and recycling by some households, but I suspect it is the minority..
Anonymous 8/19/2020 02:16 PM	There is existing pick up service - I do not want additional costs to property taxes, free pickup would be ideal, or keep Canex open
Anonymous 8/19/2020 02:25 PM	Pick up service currently - I just do not want to incur additional costs to property taxes. Comox town residents do not pay for pick up service, whether it is garbage, recycling or garden waste.
Anonymous 8/19/2020 08:07 PM	In my opinion it's not.
Anonymous 8/20/2020 08:44 AM	There are many people living in my area, which is only serviced by private companies.
Anonymous 8/20/2020 11:47 AM	If garbage pickup is part of our taxes then people are more likely to use the service and not dump illegally, they are more likely to recycle if all they have to do is carry it to the curb. some neighbours are burning their garbage
Anonymous 8/20/2020 05:43 PM	It's ridiculous to ask people to drive almost 20kms to dispose of waste. Which is probably why some neighbours I know burn their garbage in their backyards! We need proper waste management available in order to be good citizens of the planet.
Anonymous 8/21/2020 02:51 PM	Higher density area and potentially less driving to recycling places.
Anonymous 8/22/2020 10:25 AM	The combined carbon emissions of families individually taking their waste and recycling to landfills and depots would be far offset by a single truck picking up each item. If the CVRD aims to reduce waste/carbon emissions, roadside pickup is the answer.
Anonymous 8/22/2020 05:23 PM	N/A
Anonymous 8/24/2020 02:10 PM	To avoid having to travel to recycling depots, and hopefully encourage zero waste outcomes
Anonymous 8/28/2020 11:29 AM	Our neighborhood is a fairly close community with like-minded people who care about the environment. Saying that, we would also like a local (from the Comox Valley) business to have this contract. Not a business from out of town.
Anonymous 8/28/2020 03:21 PM	it wouldn't , Im not interested
Anonymous 8/29/2020 07:31 AM	Not at all.
Anonymous 8/29/2020 07:36 AM	Won't be good at all.
Anonymous 8/29/2020 07:46 AM	Why u are asking me this question???
Anonymous 8/29/2020 09:59 AM	Why such as question exists.
Anonymous 8/29/2020 10:38 AM	Wouldn't be.
Anonymous 8/29/2020 10:43 AM	Would NOT!!!!
Anonymous 8/30/2020 07:05 AM	We currently submit about half a garbage can a month for garbage. We pay a private company to take it away and it's very expensive for such a small can. I'm going to change company soon because it's not a locally owned one. I take all my recyclables in .
Anonymous 8/31/2020 01:36 PM	Recycling would be key as the recycling centres at Canex etc. may close in the future. We would have to go to the Return It Centre during their business hours - very inconvenient. Roadside pickup would be great as we would not

---

## ELECTORAL AREA B: Rural Roadside Garbage and Recycling Collection Service : Survey Report for 27 July 2020 to 14 September 2020

---

	have to go anywhere.
Anonymous 9/01/2020 02:22 PM	I believe there are only two families on our street that would use it.
Anonymous 9/02/2020 12:03 PM	Approximately 50% of our street uses a private contractor for weekly garbage pick up. There is no recycle pick up and therefore we drive to Courtenay or Cumberland to dump our recycles using fuel and polluting our atmosphere.
Anonymous 9/02/2020 02:54 PM	Not only would it save us extra costs from taking our waste to the landfill, we'd reduce carbon emissions and also force people to slow down and pay attention along this high accident area of Comox Road.
Anonymous 9/04/2020 09:31 PM	No recycling facilities close by or they are scheduled to close. More convenient
Anonymous 9/05/2020 12:49 PM	Saves homeowners gas. The cost that I pay for garbage (only) is more than is quoted for garbage and recycling! It would stop the mess caused by some people at recycling depots such as the one up at CANEX!
Anonymous 9/05/2020 12:54 PM	Saves gas costs. Keeps areas( like CANEX) free of the mess/garbage that some people leave behind!
Anonymous 9/08/2020 08:58 AM	It is not. You folks tried to push this through in 2013 and it was soundly rejected. Please stop wasting time and tax payer money.
Anonymous 9/08/2020 11:42 AM	Most of our neighbors are using private companies for garbage pickup. It would be nice to all use one company.
Anonymous 9/08/2020 08:05 PM	It wouldn't be. We have no need for it. We knew when we moved to Area B that we would be handling our garbage. We would prefer water and sewage instead.
Anonymous 9/09/2020 07:44 PM	Relatively high density; closing of the depot outside of the Canex
Anonymous 9/12/2020 06:20 PM	our neighbourhood is currently served by a variety of companies, on various days. A single pickup by the CVRD would reduce the large vehicle traffic and preserve the roads.
Anonymous 9/13/2020 10:02 AM	it would not be a good candidate

**Optional question** (216 response(s), 93 skipped)

### Q16 Why might a roadside garbage/recycling pick up service NOT work in your neighbourhood? Let us know:

Anonymous 7/28/2020 08:58 AM	Interesting "non-mirror" of previous question. Would be more fairly framed: "Why would your neighbourhood NOT be a good candidate for ..."
Anonymous 7/28/2020 10:33 AM	once a week pickup preferred, current system acceptable, concerns over tax increase
Anonymous 7/28/2020 12:09 PM	I can not think of 1 reason that roadside pick up would not work
Anonymous 7/28/2020 12:30 PM	it would have to be free of charge/we pay enough already for trash pick
Anonymous 7/28/2020 03:49 PM	Too expensive; I can go to the landfill 4 times per year and pay \$40 total. There are not enough people locally to warrant pickup.
Anonymous	No reasons

## ELECTORAL AREA B: Rural Roadside Garbage and Recycling Collection Service : Survey Report for 27 July 2020 to 14 September 2020

---

7/28/2020 04:34 PM

Anonymous I think it would work

7/28/2020 04:58 PM

Anonymous it does work. privately

7/28/2020 06:01 PM

Anonymous See response 13!

7/28/2020 06:02 PM

██████████ My neighborhood would rather support a locally owned service, knowing our money spent will stay here in our own community. And, if for whatever reason we are not happy, its still nice to know we have the option to choose another service provider.

7/28/2020 06:36 PM

Anonymous We're already on it.

7/28/2020 08:51 PM

Anonymous We pay enough taxes for absolutely no services (no water, sewer, street lights, absolute minimal road repairs, etc.) so are not interested in adding to our bills. It costs us approximately \$50/yr to do our own visits to the landfill.

7/29/2020 06:48 AM

Anonymous I see no reason

7/29/2020 07:26 AM

Anonymous Currently pay \$25 plus tax for biweekly private service. Any new service must be competitive. We are using a local private company currently who is cheaper than the large american company. Would prefer to use a canadian or local company.

7/29/2020 09:58 AM

Anonymous In my opinion, there are no negatives to adopting roadside garbage/recycling pick up in my neighbourhood, and I hope we can begin this service ASAP!!

7/29/2020 10:38 AM

Anonymous Curtis Road is pretty narrow - may be difficult for trucks to turn around.

7/29/2020 10:54 AM

Anonymous the cost is to high and RD is already charging us for the dump facility in our taxes! why would we want more. I spend \$20 month and take it to the landfill now, 2 trips a month if I have more I pay more. In the country I always have more than regular pick

7/29/2020 11:08 AM

Anonymous the cost is to high and we already pay for the dump facility in our rural taxes, so we should already have the service but don't. We are paying more than the city.Rural garage \$230 city pickup tax \$170!!! According to my tax es I paid this year.

7/29/2020 11:17 AM

Anonymous The only reason I can think of is that there may not be a very easy area for the truck to turn around. BUT the garbage truck can, so why couldn't a recycling truck?

7/29/2020 11:17 AM

Anonymous we have other things they won't take at curb and have to go to landfill anyway.

7/29/2020 11:19 AM

Anonymous I would never speak for my neighbours this is something they should determine themselves.

7/29/2020 11:51 AM

Anonymous I don't see any negative.

7/29/2020 12:41 PM

Anonymous If the service was bi-weekly instead of weekly or if not comparable costs. If there is an increased list of items not allowed by garbage carrier.

7/29/2020 01:04 PM

Anonymous There is no reason why this service would not work in the Lazo area

7/29/2020 01:08 PM

Anonymous Private company \$ 10 month garbage , recycling free . No problems

7/29/2020 01:15 PM

Anonymous See above, questions 10.

7/29/2020 01:27 PM

Anonymous already serviced

7/29/2020 01:46 PM

## ELECTORAL AREA B: Rural Roadside Garbage and Recycling Collection Service : Survey Report for 27 July 2020 to 14 September 2020

---

Anonymous 7/29/2020 03:53 PM	It would cause traffic problems.
Anonymous 7/29/2020 04:11 PM	Most residents do their own recycling
Anonymous 7/29/2020 05:20 PM	Produce more garbage, less recycle
Anonymous 7/29/2020 06:56 PM	Too expensive
Anonymous 7/29/2020 09:14 PM	We have no idea. Not our expertise.
Anonymous 7/30/2020 07:55 AM	This service would not work as it seems like a road to higher taxes. Once everyone is "on the program" it could be used as another lever for revenue as it appears it would be similar to the city with no opt out clause and funded thru property tax.
Anonymous 7/30/2020 08:35 AM	Because we are the "end of the road" area, CVRD might decide that we are not worth the effort. Like in the last snow storm of winter of 2020, it took 3.5 days to clear our road from snow.
Anonymous 7/30/2020 09:30 AM	General weariness or mistrust of government programs. For example, are recycled material really being recycled or just dumped somewhere else?
Anonymous 7/30/2020 11:01 AM	I do not believe that the cost would be between \$150 and \$250. Even if it was for the first couple of years, I believe the coats would be driven up and end up being more expensive in the end.
Anonymous 7/30/2020 11:22 AM	It would depend on the cost
Anonymous 7/30/2020 11:29 AM	I think everyone would be interested in pickup
Anonymous 7/30/2020 02:48 PM	Roads are narrow, Busy traffic, lots of Bicycles and people walking
Anonymous 7/30/2020 03:58 PM	do not wish to have additional costs
Anonymous 7/30/2020 05:31 PM	Don't believe there is any disadvantage.
Anonymous 7/30/2020 08:04 PM	Nil
Anonymous 7/30/2020 08:33 PM	Cost.
Anonymous 7/30/2020 08:35 PM	I don't see any reason why not!
Anonymous 7/30/2020 10:42 PM	I can think of no reason why it wouldn't, except that some neighbours will be opposed because they think any services are a step towards annexation by Comox.
Anonymous 7/30/2020 11:28 PM	fear of negative impact to local collection service businesses
Anonymous 7/31/2020 07:14 AM	I can't come up with a reason
Anonymous 7/31/2020 07:16 AM	No reasons
Anonymous 7/31/2020 08:43 AM	Can't think of anything.

## ELECTORAL AREA B: Rural Roadside Garbage and Recycling Collection Service : Survey Report for 27 July 2020 to 14 September 2020

---

Anonymous 7/31/2020 09:22 AM	This sounds a way to get more taxes. no thank you. we prefer it the way it is now.
Anonymous 7/31/2020 09:51 AM	Only if cost is equal to or less than current private contractor. Personally I am quite happy to take all my recyclables to either the Canex facility or the bottle depot (for glass and styrofoam) in Comox. I am most interested in a yard waste pickup.
Anonymous 7/31/2020 10:08 AM	I'm committed to one bag/month. It's easy for me to deal with it. I think it would be frustrating to subsidize the 3 bags/week folks.
Anonymous 7/31/2020 12:39 PM	Not interested in paying more taxes, like having choice in providers for garbage service
Anonymous 7/31/2020 03:08 PM	I imagine if people are independent and look after their own needs.
Anonymous 7/31/2020 03:53 PM	Furious on bins closing, too costly due to houses being a distance apart, special bins, managing fine as is, far more expensive than what is using and not as convenient and not enough options
Anonymous 7/31/2020 05:43 PM	We have tried to keep our community rural--some people might see this, and the tax it would entail, as an infringement on the rural-ness we are otherwise committed to
Anonymous 8/01/2020 08:11 AM	Lack of interest in change from a longstanding norm?
Anonymous 8/01/2020 09:50 AM	N/A
Anonymous 8/01/2020 11:17 AM	can't think of any reasons
Anonymous 8/01/2020 01:00 PM	If there are seperate charges for these pick ups, I don't think it would be popular.
Anonymous 8/02/2020 09:13 AM	No reason it would not work.
Anonymous 8/02/2020 09:36 AM	Hoping the recycling actually gets recycled, It is doubtful that single stream recycling is doubtful actually gets recycled to me
Anonymous 8/02/2020 09:48 AM	same as above
Anonymous 8/02/2020 09:57 AM	Lifestyle.Flexibility. Options. Cost. Why not embrace the valley for what it is and not try to change it to Downtown
Anonymous 8/02/2020 08:43 PM	n/a
Anonymous 8/03/2020 07:05 AM	We are not interested in higher taxes. Things are fine the way they are.
Anonymous 8/03/2020 10:50 AM	I make runs to the dump twice a year, and drop off recycling when convenient, I would be very annoyed at being forced into paying for garbage pickup. With all the wildlife in the rural area, I think it would be a mess.
Anonymous 8/03/2020 12:54 PM	N/A
Anonymous 8/03/2020 12:57 PM	Only 20 houses on our road
Anonymous 8/03/2020 02:48 PM	Cost is way too high, govt promises almost always get broken
Anonymous 8/03/2020 03:00 PM	It will be too expensive & totally mis-managed by regional district who have already shown they don't have a clue how to manage recycling responsibly
Anonymous	not required

---

## ELECTORAL AREA B: Rural Roadside Garbage and Recycling Collection Service : Survey Report for 27 July 2020 to 14 September 2020

---

8/03/2020 05:20 PM

Anonymous  
8/04/2020 06:43 AM

It sounds like a tax grab, not interested in the city model. Private service is working just fine.

Anonymous  
8/04/2020 08:52 AM

Deep distrust of local government intentions and ability to deliver services by area residents.

Anonymous  
8/04/2020 12:11 PM

no reason

Anonymous  
8/04/2020 12:28 PM

It would work well for me. I would like to have pick up for garbage and recycling and yard waste.

Anonymous  
8/04/2020 12:42 PM

Price

Anonymous  
8/04/2020 01:45 PM

No issue

Anonymous  
8/04/2020 04:56 PM

No reasons

Anonymous  
8/04/2020 08:02 PM

see above as well, we DO NOT want a local company to be put out of business and be taken over by some large foreign owned company as what happened a few years ago.

Anonymous  
8/04/2020 09:45 PM

We do not want a mandated tax based service added just please man our recycle centers

Anonymous  
8/05/2020 08:08 AM

I prefer the private option. Currently getting service from a company that is responsive to my needs, quick in communication and reachable. Not interested in a government run service that will likely push out the small operator and replaced with contract

Anonymous  
8/05/2020 10:49 AM

We use a private local company

■  
8/05/2020 12:15 PM

cost

Anonymous  
8/05/2020 01:17 PM

there may not be enough households to keep the personal cost to a minimum.

Anonymous  
8/05/2020 02:27 PM

I compost and produce very little garbage. I'm happy with the current private recycle pick-up.

Anonymous  
8/05/2020 03:16 PM

To employ private companies to provide this service. Competitive pricing.

Anonymous  
8/05/2020 03:57 PM

Too expensive and run by cvrd

Anonymous  
8/05/2020 07:10 PM

pick up every two weeks is not enough. Weekly pick up is important to stay on top of garbage and recycling to keep down smell, unsightly waste in neighbourhood.

Anonymous  
8/06/2020 08:26 AM

If pick up is too often then some households might increase their 'throw away' garbage.

Anonymous  
8/06/2020 09:09 AM

Because we like to support local businesses and Strathcona recycling does a very good job for us.

Anonymous  
8/06/2020 09:46 AM

I don't like the idea of not being able to choose service provider. Nor do I want to be stuck with only being allowed 1 can or service only every 2 weeks like Comox and Cumberland are doing now.

Anonymous  
8/06/2020 09:55 AM

People not wanting to pay if it's more than it currently costs

Anonymous  
8/06/2020 10:43 AM

to expensive for senior citizens on a fixed income

## ELECTORAL AREA B: Rural Roadside Garbage and Recycling Collection Service : Survey Report for 27 July 2020 to 14 September 2020

---

Anonymous 8/06/2020 02:17 PM	Costs split with neighbor, not cost effective.
Anonymous 8/06/2020 04:11 PM	Some neighbours might not be interested in paying for this service
Anonymous 8/06/2020 04:27 PM	Because we have a good service and inexpensive with a private outfit. Furthermore once government gets involved costs will be double of what they say and we have no control, let's work to reduce taxes and not add more,. I pay way too much in taxes.
Anonymous 8/06/2020 04:31 PM	CVRD system would be a one size fits all and, as such, provides no incentive to reduce, reuse, and recycle. Also , unless the CVRD plans on utilizing local companies there would be job losses and public money leaving the community.
Anonymous 8/06/2020 05:27 PM	Being tied to certain pickup days is not appealing
Anonymous 8/06/2020 07:13 PM	I can't think of any reason why it would not work.
Anonymous 8/06/2020 07:43 PM	We are independent and prefer our business to go local family businesses.
Anonymous 8/06/2020 09:07 PM	We already have a company that does that which is local. I think it is better to have
Anonymous 8/06/2020 09:12 PM	I want to support local business in this area; we are creating jobs and have someone local providing this service. I have asked other neighbors here and they feel we should support local business here. And; why in the world should be get someone from
Anonymous 8/06/2020 09:16 PM	We have a local company we are happy with. I think it is better to support a local business here; we are providing jobs for people.
Anonymous 8/07/2020 12:23 AM	Because that will destroy private business that are currently providing a good and local affordable service
Anonymous 8/07/2020 12:30 AM	Neighbor puts out 3 cans a week without paying extra
Anonymous 8/07/2020 12:46 PM	I wish to continue using a locally owned and operated service.
Anonymous 8/07/2020 02:47 PM	Xxx
Anonymous 8/07/2020 02:56 PM	see my answer in question 10. I think the cost per house would have to be higher with way fewer houses on my street.
Anonymous 8/07/2020 05:18 PM	We've already got it covered.
Anonymous 8/07/2020 07:47 PM	This program is working very well. We actually need curb side pick up twice a week for recycling it piles up so fast
Anonymous 8/08/2020 08:27 AM	I am quite happy with the way things are now. Not interested in losing the burning either, if we wanted to live the city way we would move to the city. Please find some other priorities.
Anonymous 8/08/2020 10:15 AM	cant see why not
Anonymous 8/08/2020 12:47 PM	Our road is really busy and could use some traffic calming measures including crosswalks at bus stops. The slow moving garbage trucks may annoy drivers without these traffic calming measures.
Anonymous 8/08/2020 09:35 PM	N/A
Anonymous 8/09/2020 07:22 AM	Some individuals in neighbourhood burn garbage.

---

## ELECTORAL AREA B: Rural Roadside Garbage and Recycling Collection Service : Survey Report for 27 July 2020 to 14 September 2020

---

Anonymous 8/09/2020 07:22 AM	Administration costs from local government managing the program may make it unaffordable or unpractical.
Anonymous 8/09/2020 12:24 PM	No reason why it wouldn't work.
Anonymous 8/09/2020 02:34 PM	It will work
Anonymous 8/09/2020 03:05 PM	possibly compost but who knows
Anonymous 8/09/2020 03:29 PM	N/A
Anonymous 8/09/2020 05:39 PM	We are happy with our current locally-owned private garbage and recycling pick up service.
Anonymous 8/09/2020 06:27 PM	Because while I was doing the survey you cut me off on question 9 so I could not complete the survey with your limited response parameters.
Anonymous 8/10/2020 02:53 PM	We already have a wonderful private provider in the locally owned and operated Strathcona Recycling and Disposal, no need to fix something that is not broken.
Anonymous 8/10/2020 09:38 PM	Do NOT need it. PLEASE leave us alone!!!
██████ 8/10/2020 11:15 PM	I think it would work well.
Anonymous 8/11/2020 12:08 PM	our roads in sandpines desperately need re paving.
Anonymous 8/11/2020 05:25 PM	Our area currently has multiple choices for roadside pickup at comparable rates.
Anonymous 8/12/2020 07:54 AM	I would pay a reduced rate for recycle pick-up only, deal with garbage independently
Anonymous 8/12/2020 10:36 AM	It wouldn't.
Anonymous 8/12/2020 01:07 PM	Would work just don't trust the price range quoted
Anonymous 8/12/2020 04:04 PM	Ditto above
Anonymous 8/13/2020 09:00 AM	We are all on large lots (acreages) and it is a long way to go from the home to the road.
Anonymous 8/13/2020 09:26 AM	we don't really need this. We only have once a month pickup of garbage and take our recycleables to the canex when needed.
Anonymous 8/13/2020 04:55 PM	Challenging, narrow roadways e.g. Balmoral/Morland and Curtis Road. We would benefit from a mirror at Balmoral/Morland to see oncoming traffic by the way :)
Anonymous 8/13/2020 05:59 PM	If it was too expensive or restrictive
Anonymous 8/15/2020 08:23 AM	Some services are best left to private contractors and free enterprise.
Anonymous 8/16/2020 01:59 PM	if it is too expensive.
Anonymous 8/19/2020 07:59 AM	I can't think of a reason it would not work

## ELECTORAL AREA B: Rural Roadside Garbage and Recycling Collection Service : Survey Report for 27 July 2020 to 14 September 2020

---

Anonymous 8/19/2020 09:53 AM	Some neighbours have been using a private company for years.
Anonymous 8/19/2020 09:58 AM	Garbage cans would need to be wildlife proof.
Anonymous 8/19/2020 10:29 AM	I would be curious to know how many people do recycling on their own right now. It might be very many.
Anonymous 8/19/2020 12:52 PM	Pick up well served already
Anonymous 8/19/2020 02:16 PM	Perhaps insufficient households would not use it, due to costs, which will increase inevitably over time
Anonymous 8/19/2020 02:25 PM	Perhaps they do not want to pay additional costs. Will inevitably increase over time. Please leave Canex facility in use and Bottle return centres. Bring back recycling bins to Comox town
Anonymous 8/19/2020 08:07 PM	It might work for some, I can only speak for myself as should everyone. I don't want anyone else's agenda, finances etc to force a paid service that I don't need on me. I won't be forced into this by some alternate approval process
Anonymous 8/19/2020 10:10 PM	Rural area where on-property disposal is viable for much material.
Anonymous 8/20/2020 08:44 AM	People may Already have a cheaper private garbage collector.
Anonymous 8/20/2020 10:08 AM	I am fed up with government agencies telling me how i much live my life and feel they can add costs to me anytime they like.
Anonymous 8/20/2020 05:43 PM	Not much of a shoulder on the street (Torrence, which is a busy narrow road) and poor maintenance of vegetation on the shoulder. Speed is already and issue on this road and more distraction and space could pose a danger.
Anonymous 8/21/2020 02:51 PM	I don't know.
Anonymous 8/21/2020 06:52 PM	Most folks seem dedicated to keeping their local provider employed
Anonymous 8/22/2020 05:23 PM	happy with my own waste and recycling management
Anonymous 8/26/2020 09:42 AM	Re Question #2: first commitment is to reduce, thereby limiting the amount of recycling needed. "Willing to make multiple stops/trips" seems to be a sneaky way of wording this question to imply something else.
Anonymous 8/27/2020 11:14 AM	I think teaching (educating) reducing existing cause of "garbage" is the future - not using more resources such as trucks and landfills.
Anonymous 8/27/2020 12:33 PM	already cancelled private contractor - not cost effective and not helpful, more of an inconvenience, prefer to do when need to do, take Neighbors as well, landfill is well run and efficient, landfill more cost effective
Anonymous 8/29/2020 07:31 AM	Not interested at all
Anonymous 8/29/2020 07:36 AM	No comments
Anonymous 8/29/2020 07:46 AM	Do NOT needed!!!
Anonymous 8/29/2020 09:59 AM	Why do you ask me?
Anonymous 8/29/2020 10:38 AM	Do not need it!!!!
Anonymous	Bc they don't need

---

8/29/2020 10:43 AM

Anonymous  
9/01/2020 02:22 PM

Maybe not enough people

Anonymous  
9/02/2020 10:47 AM

I like being able to choose my provider. Not really interested in city model.

Anonymous  
9/02/2020 12:03 PM

Can think of no reason not to have garbage and recycle pick up.

Anonymous  
9/02/2020 02:54 PM

It's a high accident road, and people love to speed along here.

Anonymous  
9/04/2020 09:31 PM

Can't think of any

Anonymous  
9/05/2020 12:49 PM

There are no reasons from my point of view!

Anonymous  
9/05/2020 12:54 PM

No reasons. Question 4 should have allowed two answers as I use Canex and the bottle depots.

Anonymous  
9/08/2020 08:58 AM

Excessive cost and bureaucracy to run the program. It is very frustrating and almost impossible to deal with the Waste Mgmt. people in Nebraska! Therefore I have stopping doing so.

Anonymous  
9/08/2020 11:42 AM

We are only 5 properties on our (gravel) road. Not sure how convenient and efficient that would be.

Anonymous  
9/08/2020 08:05 PM

It's unnecessary. Why can't residents who want it, opt in and those that don't want it can carry on as now.

Anonymous  
9/09/2020 07:44 PM

Employees of the current private garbage pickup companies being put out of work.

Anonymous  
9/10/2020 07:15 AM

road is very narrow and congested. Adding roadside collection would be an extra hazard

Anonymous  
9/10/2020 01:44 PM

snowbirds being away in winter....in summer i would definitely want weekly pickup to avoid rats which we have in abundance, in winter time pick up could be an optional every 2 weeks

Anonymous  
9/10/2020 06:18 AM

I like the local companies I use now. Recycling is a high priority for me, and I use the landfill lightly as possible. Each resident has their own arrangements; I don't know if a huge

Anonymous  
9/10/2020 06:23 PM

If locally owned companies were included in the mix it would be fair, a huge fleet travelling over a wide spread area does not sound cost effective. I like choices; some burning, some composting at the airport, using landfill only as last resort.

Anonymous  
9/11/2020 06:19 PM

as above, I do garbage for several homes at a lesser cost than potentially \$250/yr per household.

Anonymous  
9/13/2020 10:02 AM

too few homes -spaced too far apart-recycling/composting already easy here

**Optional question** (179 response(s), 130 skipped)
