

Policy Title: Reciprocal Policy – Comox Valley Water		Policy Number: P5
Policy Category: Engineering		
Approval Date: June 30, 1997		Policy Owner: Engineering Services
Approved by: Board		File Reference: 0340-50

Purpose

The guidelines for the proposed reciprocal policy are as follows:

- To apply to single family residences only.
- Applies only to properties within municipal boundaries or local water service areas.
- Connection will be based on the ability to supply.
- The service shall be provided with metering in all cases.
- The connection must meet flow requirements.
- All costs are to be borne by the applicant or authority having jurisdiction.

The local water service area or municipality has final approval for connection, which will be based on current good engineering practices.
