

## FIRE UNDERWRITERS SURVEY

A SERVICE TO INSURERS AND MUNICIPALITIES

October 1<sup>st</sup> 2018

### RECOGNITION FOR FIRE INSURANCE GRADING RECEIVED

*Black Creek-Oyster Bay Fire Protection Local Service Area  
Oyster River Fire Rescue – Fire Station #1*

#### Superior Tanker Shuttle Service - Accredited

I am pleased to advise that the above-mentioned fire department and fire protection area within the province of British Columbia was recently registered in the Canadian Fire Insurance Grading Index as being accredited for the delivery of Superior Tanker Shuttle Service for Personal Lines insured risks within the Dwelling Protection Grade system.

The requirements for this accreditation are stringent and verify that the fire department is capable of delivering the minimum accepted fire flows to detached dwellings throughout the fire protection district within eight kilometres (8 km) by road of the responding fire station and five kilometres (5 km) by road of a recognized water supply point.

This accreditation is an equivalency to the minimum requirements for hydrant protection as set out by the insurance industry and the Fire Underwriters Survey. Dwelling Protection Grade 3B(S) should be applied to properties insured under Personal Lines that are within eight kilometres (8 km) road distance from the accredited fire station and five kilometres (5 km) road distance of a recognized water supply point as outlined in the Fire Insurance Grade map for the Black Creek-Oyster Bay Fire Protection Local Service Area of the Comox Valley Regional District.

Fire Underwriters Survey has provided information on fire protection and risk levels to the insurance industry in Canada for more than 100 years. Fire Underwriters Survey was originally operated under the auspices of the Insurance Advisory Organization until 2002 when the I.A.O. and all of its related services were repositioned under the flag of CGI and more recently, Opta Information Intelligence.

Should you have any questions or concerns related to the Fire Underwriters Survey, the Superior Shuttle Service accreditation process or any other related area, please contact our office.
